B. SUMMARY REPORT

1. Summary analysis of the local labor market based on the industry representative needs and education offerings. (Provide summary)
 - a. Kim Scarboro discussed the programs available at NFC including Human Services. She also mentioned the growing demand for CDL and

Manufacturing Technology, along with the healthcare mainstays like RN and BSN.

2. Information on priority industry sectors and occupations for the local area. (Provide summary)
 - a. Audra Rutherford provided excellent insight regarding recruiting new employees to their family-owned business in a tight labor market. The attendees went on a tour of the warehouse and got a glimpse into the operations of inventory production, management, back office, and logistics.

3. Information on the status of existing talent pipelines for in-demand occupations. (Provide summary)
 - a. CSNF presented the monthly employment numbers release on 5/17/24 for the month of April. CSNF staff discussed the Targeted and Demand Occupations Lists and it was determined the lists were accurate and complete as presented. The Eligible Training Provider list compiled at the local level was also discussed and met the group's approval.
