

Regional Targeted Occupations List — 2026-27

LWDA 6 (Hamilton, Lafayette, Madison, Suwannee, and Taylor Counties)

CareerSource North Florida

LWDA 6 (serving Hamilton, Lafayette, Madison, Suwannee and Taylor Counties) per policy compiles its Regional Targeted Occupations List annually. Training providers and programs currently under agreement with CareerSource North Florida (LWDA 6) may be found on our website.

This list guides the Workforce Innovation and Opportunity Act (WIOA) funding decisions for career seekers requesting financial support from WIOA (Adult and Dislocated Worker) for occupational training.

All occupations listed as HSHW on the Demand Occupations List (Select LWDA6 tab in the Excel workbook download) found at <http://www.floridajobs.org/labor-market-information/publications-and-reports/labor-market-information-reports/regional-demand-occupations-list> are included on the LWDA Regional Targeted Occupations List (RTOL).

Important Notice Regarding the 2026-27 Florida Statewide Demand Occupations List: This Regional Targeted Occupations List for Program Year 2026-27 has been developed using the 2025-26 Florida Statewide Demand Occupations List as the basis for policy exclusions, as the 2026-27 Statewide Demand Occupations List has not yet been released by FloridaCommerce at the time of this publication. FloridaCommerce typically releases the updated Statewide Demand Occupations List between late May and June of each program year. Upon release of the 2026-27 Statewide list, CareerSource North Florida will review this Regional Targeted Occupations List and make any necessary revisions to ensure compliance with policy, including adding any occupations that may have been removed from the Statewide list and removing any occupations that may have been added. Any revisions will be presented to the Board for approval.

In addition, through employer communications and analysis of labor market information, the following occupations comprise the remainder of the Regional Targeted Occupations List.
